3. Payment details

To receive a QR code and start accepting tips, you need to go through 2 steps:

- 3.1 Specify and confirm personal data in the Stripe payment system.
- 3.2 Specify bank account details.

3.1 Confirm your personal details

Fill in personal data:

The screenshot shows a Stripe verification form for 'Easy Start LLC'. On the left, there's a header with the company logo and name, followed by the text 'Easy Start LLC partners with Stripe for secure financial services.' and a link to 'Return to Easy Start LLC'. Below this, it says 'Powered by stripe' with links for 'Terms', 'Privacy', and 'English (US)'. The main section is titled 'Verify your personal details' with a subtext: 'Stripe collects this information to verify your identity and keep your account safe.' The form includes several input fields: 'Your legal name' (split into 'First name' and 'Last name'), 'Email address' (pre-filled with 'you@example.com'), 'Date of birth' (MM / DD / YYYY), 'Home address' (a dropdown menu currently showing 'Cyprus'), 'Address line 1', 'Address line 2', 'Postal code', and 'City'. A progress bar at the top right shows the first step is completed.

Select the field of activity, indicate your website (or link to social networks) of the organization, etc.:

The screenshot shows the 'Professional details' section of the Stripe form for 'Easy Start LLC'. The header on the left is the same as the previous form. The main section is titled 'Professional details' with a subtext: 'Tell us a few details about how you earn money with Easy Start LLC.' The form includes an 'Industry' dropdown menu (pre-filled with 'Please select your industry...') and a 'Your website' text input field (pre-filled with 'www.example.com'). At the bottom, there are two buttons: a blue 'Continue →' button and a white 'Save for later' button. A progress bar at the top right shows the second step is in progress.

If Stripe asks you to verify your personal information, you will see a message to that effect. For example, upload an identity document:
